

PATIO DOORS

Styles to fit your home and vision

Wood, Fiberglass, Vinyl
and Aluminum frames

Open up to the *Possibilities*

Dependability. Re-defined.

When you select a patio door for your home, you are reflecting your personality. It's an extension of you – a personal statement.

It's the passageway for guests and family. It welcomes in sunlight, and protects you from the elements. The right door can add so much character to your home – and be an investment you'll value for a lifetime.

That's why so many people choose Milgard doors. Milgard patio doors – like Milgard windows – come in a variety of designs to complement virtually any home and each door is custom built to fit your home.

If you're looking for the perfect door to match the best windows, Milgard is the clear choice.

Full Lifetime Warranty

At Milgard, we build our windows and patio doors to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business.

That's why we cover defects in material or workmanship for every properly installed window and door for as long as you own your home – including parts and labor. Most patio doors also come standard with Glass Breakage Coverage. It's why you can be sure you won't find any patio doors better than Milgard.

For complete warranty details, visit milgard.com.

Why you should choose Milgard windows and doors

Quality

Milgard offers award-winning windows and patio doors built for long-lasting comfort. For over 50 years, industry experts have consistently recognized Milgard as a trusted brand. By producing our vinyl and fiberglass frame materials in-house, we can more closely monitor for quality control. Milgard windows and patio doors stand up, while standing out.

Experience

Since 1962, Milgard Windows & Doors has designed and assembled superior, top quality windows and patio doors, backed with a Full Lifetime Warranty. Milgard engineers are known for their industry-leading designs using patented technologies. Whatever your project calls for, Milgard has the right product that can beautifully reflect your vision. From new construction to home remodeling, all Milgard windows and doors are custom made to your exact specifications.

Service

We serve the Western U.S. and Canada with a dozen full-service facilities and customer care centers. Our belief is that by being close to our customers, we can provide you better service.

BUILDER Magazine Brand Survey
Western U.S. Results - 2016

PARTNER

“Wonderful quality door, but that’s not why I bought it....I bought it because of Milgard’s reputation for service after the sale. Beautifully balanced swing on each door. Quality materials-stainless steel hinges and door handle...about the handle-it’s a 5-point locking mechanism which I appreciate for it’s superior locking/security- and you need it in a french door....the door was factory painted-and the finish is indeed superb.”

– Oregon homeowner

Which door is *Right for You?*

Depending on climate factors and the design of your home, any of these Milgard doors can offer a great solution to help meet your specific needs.

We’ve put together this chart to help simplify your selection process. Perhaps the best advice we can offer is to talk with your Milgard dealer —they will be glad to help you select the door ideal for you and your home.

Essence Series® 2-Panel In-Swing Door with colonial SDL grids, shown in Evening Sky

Essence Series® 4-panel In-Swing Door with valance SDL grids, shown with Douglas Fir interior

Essence Series® Patio Doors

Highly regarded as one of the finest patio doors Milgard manufactures, the Essence Series® Sliding and Swing French patio doors bring a high level of sophistication to your home.

And just like Essence Series windows, our patio doors feature a fiberglass exterior available in 16 powder-coated colors. On the inside, the wood frame is engineered to have no visible fasteners and is ready to take your stain, paint or finish.

Here are more of the many benefits and features of Essence Series patio doors:

- Sliding doors come in 2, 3, and 4 panel configurations while swing doors come in 1, 2, 3, and 4 panel configurations, all custom made to your specifications. You can expand your view with sidelights and transoms.
- You'll enjoy superior energy performance with SunCoat® Low-e glass coatings (standard) or choose from other Milgard energy-saving options.
- Let the fresh air in anytime with the optional screen in top-hung or retractable styles.
- Essence Series doors are available with the same grids or decorative glass as windows, for a completely seamless design.

Sliding Doors

- The beautiful door handle comes in seven finishes that can be mixed for interior and exterior. There's also an optional exterior keyed lock.
- Sliding doors are engineered with a weather-strip system and top quality rollers that provide an impressively smooth and quiet operation.
- Add the optional SmartTouch® Bolt for additional points of security on the door or to secure it in a vented position.

Swing Doors

- Swing door features updated hinges for improved performance with nine finish options.
- Optional operable sidelites available with swing doors.
- ADA Accessibility options are available on the swing doors.

“We replaced 30 year old windows and doors with the Tuscan Series product. We are impressed with the sleek design and the solid feel of the product. Doors and windows operate with ease, especially important to us as we like to open the house up to fresh air whenever possible.”

- Vista, CA

Tuscany® Series *Swing Door*

French doors have an aesthetic appeal that achieves an elegant, timeless look inside or outside the home. Out-Swing French doors open to the exterior of a home and maintain usable space on the inside of the door. In-Swing French doors help you easily direct airflow into your home. Choose from a variety of grid options to create a multiple-pane look.

Swing doors are not available in WA, AK, OR, ID, MT and Canada.

Features

- Increased security and performance with multi-point locking hardware constructed of stainless steel which helps provides resistance to corrosion
- Two way adjustable, lift-off hinges for easy door panel alignment

Options

Ultra™ Series *Patio Doors*

The strength of fiberglass protects your investment from the harsher side of Mother Nature. Because of its inherent properties, fiberglass won't swell like wood and it expands and contracts at the same minimal rate as glass. Fiberglass won't crack, peel, warp, split, pit, or corrode and is virtually impervious to water.

Our fiberglass doors are available with your choice of baked-on standard colors for a finish that protects against UV rays. Ultra Series patio doors come in sliding, in-swing or out-swing styles and built to your specifications with panels, transoms, or sidelites. Choose from a variety of hardware and virtually endless grid options (see page 19).

Interior Colors

White with any exterior color

Aluminum Series *Sliding Doors*

Aluminum patio doors have long been appreciated for their overall strength, lasting value and ability to configure into large combinations to maximize views. Milgard aluminum sliding doors are available in standard aluminum for moderate climates or Thermally Improved for extreme weather conditions.

Frame Colors

Standard Aluminum also available in White

- ### Features
- Thermally Improved Aluminum has more energy efficient options with less heat/cold transfer through the aluminum frame. (Not available in all areas)
 - Clean, narrow sight lines that only the strength and stability aluminum can provide.
 - Thermally Improved available in clear anodized or bronze anodized frame finishes. Standard Aluminum frames are also available in the same colors plus white.
 - Superior energy savings and protection against fabric fading with Milgard SunCoat® Low-E glass.
 - Manufactured with up to 50% recycled aluminum.

Options

Grid options available in coordinating color

Thermally Improved Aluminum Sizing:

2-Panel: Min 5'0" by 6'8"	Max 8'0" by 8'0"
3-Panel: Min 9'0" by 6'8"	Max 12'0" by 6'10"
4-Panel: Min 10'0" by 6'8"	Max 16'0" by 6'10"

Standard Aluminum Sizing:

2-Panel: Min 5'0" by 6'8"	Max 6'0" by 8'8"
3-Panel: Min 9'0" by 6'8"	Max 12'0" by 8'0"
4-Panel: Min 10'0" by 6'8"	Max 16'0" by 8'0"

Make it *Your Own*

Glass

As one of the most important components of your patio door, glass can also offer you decorative options and energy efficiency advantages.

Decorative & Tinted Glass

Add privacy or a touch of flair with our many styles of decorative glass.

Tinted glass provides additional shading from direct sunlight and warm conditions.

SunCoat® & SunCoatMAX®

Low-E coatings allow visible light through but block heat-bearing and fabric-fading portions of the solar spectrum. The result is less solar gain and UV protection against fading fabrics and furnishings. SunCoat Low-E2 glass comes standard on all Milgard dual-pane patio doors.

Triple Glazing

Triple glazing technology provides yet another option for improving the energy efficiency of your doors. This technology adds a third layer of glass that improves insulating properties, keeping homes in northern regions warmer.

Grids

Express your creativity and dramatically increase your home's curb appeal with our virtually endless grid options. Choose grids inside our insulated glass units for easy cleaning.
